

After School Activities Program (ASAP) - October

📌 Drama

Ms. Nathan & Mrs. Robinson facilitate this awesome after-school activity. Drama is currently working on a production created by their Director - Ms. Nathan which means it's filled with drama, intrigue, suspense and villainy. If you're interested in Dramatics check with Ms. Nathan about being part of this exciting program.

📌 Science Olympiad

This super program is run by our very own Mrs. Stickel & Mrs. Schrader. These Diva's of Sciencology are busy with their crew designing and preparing for the Science Olympiad later this year. We're not sure exactly what they do 'out there' in the portables, but whatever it is you can be sure it will be fantastic! This program doesn't usually start until after the first of the year but this group did so well at the Science Olympiad that they decided they needed to get an early start this year. This program has limited spaces available so please check with Mrs. Schrader or Mrs. Stickel for any available spots.

📌 The Homework Center

This activity will be held every Tuesday and Thursday. Mrs. Anderson is the executive director of this program specifically designed to help students in their unique areas of cranial enhancement. In other words you can get help with your homework! So if you are looking to gain some brainpower, see Mrs. Anderson or Mr. Z for an application and start working that cranium! Happy Testing 😊

📌 YMCA Games Day

Herb from the YMCA, the same guy who runs our Babysitters Workshop is back to run some fast paced and exciting games and activities. We will be runnin' and a jumpin', screamin' and a yellin'. So lace up those sneakers and get ready to get moving!

📌 Board Games

If you like hanging out and playing board games, then you will love this activity! A local board game "Master" has graciously donated her time to facilitate this activity that will challenge even the expert gamer! We will be playing some of the old classics plus a few of the newest releases so be prepared for a fun-tastic time of board gaming!

📌 Uniquely Me (Girls Only)

Peggy with Girl Scouts is back to organize fun and exciting games and activities designed exclusively for girls. Classes will focus on girls' individual and unique personalities. Some activities that we've done are baking, manicures, facials, beadwork, t-shirt design and cooking. If you haven't been to this activity, come check it out! You'll love it!

📌 Teens in Action

This club provides CMS students with a way to become involved in their school & community through service learning. The Teens in Action concept allows students to decide what their school or community needs and then act upon that need through community service projects while building friendships and having a great time! Teens in Action is organized and run by Becca, a CMS graduate who now works for Camp Fire USA – guys & gals from each grade level are currently involved in this program.

📌 Babysitters Workshop

The YMCA will be teaching a 3-week class on babysitting. This is a course designed to cover all aspects of babysitting. After completion, participants will receive a certificate of completion and will be prepared to enter the exciting world of babysitting! With only a slight fee paid back to good old Mr. Z! (Just Kidding) Make sure you fill out an ASAP Activities Packet and then sign up outside the Cafeteria. Space is limited to 15 per session, so hurry, as this is a very popular program. We will offer this class throughout the year if you miss this one.

📌 Fairchild Challenge Games

Jo-Ellen from Fairchild Air Force Base will be facilitating games & activities that help with **team building, problem solving, communication** and **leadership skills**, plus lots of fun, fun, fun!

📌 Yearbook

Mrs. Parrish is organizing this cool program. Participants help design, organize and take pictures for our CMS Yearbook. This activity will meet every other Monday throughout the school year. You need to check with Mrs. Parrish to be able to participate in this activity.
